DIRECT ACCESS ENDOSCOPY SERVICE FOR RIVERLAND PATIENTS WITH PRIVATE HEALTH INSURANCE OR WILLING TO SELF FUND

Why ?

To prevent unnecessary consultations, delays and expense for fit patients who have clear cut indications for endoscopy or colonoscopy.

Who is appropriate for direct access endoscopy/colonoscopy?

Fit patients with clear cut indications can be referred for direct access endoscopy/colonoscopy.

Examples of clear cut indications for colonoscopy include

- Positive faecal immunological test
- Significant family history of colorectal cancer
- Surveillance in patient with past history of polyps or cancer
- Rectal bleeding in patient >40 years of age

How can patients be referred ?

Fill in referral form overleaf and fax to **0872007780** or email to **admin@adelaidegastro.com**

What is the process following referral?

Dr Wigg and Muller will review all referrals. Following this patients will be contacted and given an appointment time. Relevant information sheets will also be posted to the patient, prior to the procedure to provide further education and instructions to patients about fasting, medication preparation and recovery. Patients will be consented prior to the procedure. All patients will be reviewed following the procedure, prior to discharge.

What bowel preparation do patients use.

Moviprep 2 litre preparation will be posted to the patient

What numbers can patients ring for information?

Patients who require further information or help can contact Dr Wigg's staff during office hours on :
0873250068

Dr Wigg and Muller are available via these numbers for after hours or emergency help.
Endoscopy and colonoscopy information is also available online at www.adelaidegastro.com

AdelaideGastro Endoscopic Surveillance Programme

Dr Wigg and Muller provide an endoscopic surveillance programme which is run according to evidence based, best practice guidelines.
